Education

Doctor of Naturopathic Medicine, Graduated June 2009

National College of Natural Medicine (NCCNM), Portland, Oregon 2006-2009

Completed accredited Naturopathic program coursework and supervised practice in Botanicals, Pharmaceuticals, Nutrition, Minor Surgery, Intravenous Therapy, and Physical Medicine. Extended training and practice in the evaluation and treatment of cardiovascular, pulmonary, and functional gastrointestinal disorders. Additional training and clinical use of EEG neurofeedback.

Clinical Rotations, Portland, Oregon, Summer 2007-Spring 2009

Completed clinical rotations in minor surgery, pediatrics, family medicine, IV therapy, geriatrics, gastroenterology, physical medicine, dermatology, cardiopulmonary, and gynecology. Completed three rotations in Outside-In, a clinic for homeless youth in Portland, Oregon.

Clinical Internships:

- o Cardiopulmonary Intern 2008-2009, Drs. Martin Milner, ND and Alena Guggenheim, ND at the Center for Natural Medicine in Portland, OR.
Training in the evaluation and treatment of cardiovascular and pulmonary conditions. Extensive use of electrocardiography, pulmonary function testing, and laboratory diagnostic testing in case management. Experience in communicating with a variety of healthcare providers to ensure optimal patient care. Position requires in-depth medical research and weekly case reporting to supervisors and fellow interns. Management of referral cases and reports.

- o Psychological Physiology Intern, Dr. Steven Sandberg-Lewis, ND, DHANP and Kayle Sandberg-Lewis, LMT, MA, BICIA-EEG at the Natural Health Center, National College of Natural Medicine in Portland, OR.
In-depth evaluation of patients recovering from traumatic brain injury. Treatment using the Low Energy Neurofeedback System along with general naturopathic protocols. Experience in communicating with and treating individuals who have difficulty with conversation tracking, social interactions, anxiety, memory loss, paralysis, and physical pain. Weekly follow-ups allow for more continuous patient contact, patient re-evaluation, and clinical learning opportunities.

Preceptorships:

- o David Cleveland, MD, General Practice, Prineville, Oregon, 25 hours
- o Trevor Douglass, DC, Chiropractic, Prineville, Oregon, 8 hours
- o Sheila Myers, ND, LAc, General Practice, Bend, Oregon, 16 hours
- o Chiaoli Lu, ND, LAc, General Practice, Portland, Oregon, 30 hours
- o Renee Wilson, ND, General Practice, Hood River, Oregon, 10 hours
- o Donna Beck, ND, General Practice, Portland, Oregon, 40 hours
- o Noel Thomas, ND, Physical Medicine, Neurofeedback, Portland, Oregon, 30 hours
- o Peter Bannitt, MD, Interventional Cardiology, Portland, Oregon, 100 hours
- o Maureen Goldring, MD, Cardiology, Portland, Oregon, 30 hours

Board Examinations through the North American Board of Naturopathic Examiners (NABNE):

Emily Ferrell Cleveland-Job, N.D.
103 Disston Rd., Oak Ridge, Tennessee
Phone: 865-272-9237
dr.cleveland.job@gmail.com

- o Part I: Naturopathic Physician Licensing Examination (NPLEX): Biomedical Science Examination, passed August 2007
- o Part II: NPLEX: Clinical Science Examination, passed August 2009

Licensing Examination

- o Oregon Board of Naturopathic Medicine: Licensing and Formulary Examination, passed August 2009

Education (continued)

Podiatric Medical Student, (Fall 2004-Spring 2005)

Des Moines University, College of Podiatric Medicine, Des Moines, IA

Completed first year of nationally accredited podiatric medical school including basic science classes, clinical physical diagnosis, and full body dissection. All classes were taken with fellow osteopathic medical students.

Bachelor of Arts, Biochemistry (Pre-medical) Degree

Earlham College, Richmond, IN 1999-2003

The Biochemistry degree involved organic chemistry, cellular physiology, and human biology. Requirements for graduation included both oral and written comprehensive exams. Participated in a National Institutes of Health sponsored organic chemistry research program from June-August 2002, supervised by Mark Stocksedale, Associate Professor of Chemistry at Earlham College. Performed literature research to aid in planning the synthesis of organic phytosiderophores. Laboratory synthesis of phytosiderophores with aim to biologically mark these compounds to allow for selective plant fertilization. Prepared a final poster presentation to report research to the American Chemical Society. Participated in Cross Country and Track throughout entire undergraduate education.

High School Graduate

Oak Ridge High School, Oak Ridge, TN 1995-1999

Graduated as a National Honor Student from Oak Ridge High School. Completed advanced placement courses in English, History, Psychology, and Calculus. Participated in Cross-Country and Track as well as the ORHS Orchestra.

Postgraduate Seminars

Diplomate in Functional Neurology (Feb 2012-Jan 2013)

- Introduction to Neuron Theory
- Peripheral Nerves, Plexi, and Peripheral Neuropathies
- Spinal Cord Basics and lesions
- Brainstem, Gateway to the Brain
- Cerebellum, Resting Tone, Posture and Spinal Curves
- Brain firing pathways and bodywork
- Autonomic Function and Dysfunction
- Mood, Affect, Emotion & Mental Illness, Lobes & Basal Ganglia Interactions
- Spinal and Disc Degenerative Disorders
- Essential Elements: Digestion, and Nutritional Effects on Tissue Recovery

American Nutraceutical Association (April 2012)

- Review of safety concerns in botanical medicine
- The role of Soy in cancer treatment and prevention
- Nutritional Prescription for Health

Emily Ferrell Cleveland-Job, N.D.
103 Disston Rd., Oak Ridge, Tennessee
Phone: 865-272-9237
dr.cleveland.job@gmail.com

3

American Association for Restorative Medicine (October 2011)

- Review of thyroid physiology
- Review of Wilson's Temperatures Syndrome and Treatment Recommendations
- Hashimoto's Thyroiditis and Treatment Recommendations
- Endothelial Dysfunction: etiology, evaluation, and treatment
- Botanical treatments for thyroid disease

Small Intestinal Bacterial Overgrowth: Clinical Strategies (September 2011)

- Learned the symptoms, etiology, and pathophysiology of SIBO
- Correlated SIBO with established diseases and syndromes
- Can apply the diagnosis and various treatment approaches for SIBO

Postgraduate Seminars (continued)

Advanced Cardiac Life Support Certification, Portland, Oregon (February 2010)

- Assess respiratory and cardiac arrest
- Work as team member to manage arrest situation
- Demonstrate knowledge and skills for basic life support and advanced cardiac resuscitation

Oregon Association of Naturopathic Physicians (OANP) Pharmacology and Ethics Seminar, Portland, Oregon (December 2010)

- Attended Lectures on Pharmaceutical medications for managing cardiovascular, pulmonary, diabetic conditions as well as depressive disorders and medications used as muscle relaxants
- Lecture and discussion on ethical issues in modern medicine

Work Experience

Emily Cleveland-Job, ND (January 2013-current)

- o Private non-medical health and nutrition counseling
- 20 hours per week

Bee Caves Naturopathic Center, LLC, Austin, TX (September 2012-December 2012)

- o Private clinical practice, owner of Bee Caves Naturopathic Center, LLC
- 30-40 hours of patient care
- 15 hours of administrative work including charting and patient research
- 50 hours continuing medical education per year
- Maintaining active Oregon Naturopathic degree

Corinthia Counseling Center, Portland, Oregon (February 2011-December 2011)

- o Private clinical practice within a Psychology practice with Kali Miller, Ph.D.
- Collaborated with Dr. Miller to provide non-pharmacological interventions for children diagnosed with reactive attachment disorder, attention deficit disorder, posttraumatic stress, and oppositional defiant disorder.
- Provided individualized treatment plans including neurofeedback, nutrition, and supplements to promote neurotransmitter balance

8 Hearts Health and Wellness, Portland, Oregon (October 2010-July 2012)

Emily Ferrell Cleveland-Job, N.D.
103 Disston Rd., Oak Ridge, Tennessee
Phone: 865-272-9237
dr.cleveland.job@gmail.com

- o Private clinical practice as an Independent Contractor
 - 30-40 hours of patient care
 - 15-20 hours of administrative work including medical charting, insurance billing, laboratory review, referral management
 - 50 hours continuing medical education per year

The Center for Natural Medicine, Portland, Oregon (October 2009-September 2010)

- o Naturopathic Cardiology Resident, supervised by Martin Milner, ND and Peter Banitt, MD
 - 70-80 patient contacts per week
 - Performed resting and stress electrocardiograms and pulmonary function tests
 - 10 hours per week with an Interventional Cardiology MD at Legacy Good Samaritan Medical Center, Portland, OR

Kalamazoo College, Kalamazoo, Michigan (Fall 2003)

- o Assistant Cross Country Coach
 - Responsible for training women's cross country team
 - Transported the team to and from competitions
 - Responsible for timing and recording splits and final times for individual runners

Richmond Podiatry, Richmond, Indiana (Summer 2002-Spring 2003)

- o Podiatry Aid to Deborah Wehman, DPM, Diabetic Shoe Manager
 - Aid in patient care
 - Responsible for individualized casting of diabetic patients' feet for custom made shoes
 - Fitting and adjustment of custom made diabetic shoes

Teaching Experience

National College of Natural Medicine, Portland, Oregon (Various Dates)

- o Grand Rounds Presentation-Reactive Attachment Disorder (RAD)-2 hour lecture (February 2012)
 - Reviewed etiology of RAD
 - Summarized various counseling and medical treatment approaches for RAD
 - Provided specific information regarding clinical use of neurotransmitter testing, targeted amino acid therapy and neurofeedback in the treatment of RAD
- o Grand Rounds Presentation-Common Conditions in Cardiology (January 2011)
 - Presentation given with Dr. Peter Banitt (interventional Cardiologist)
 - Presented cases highlighting common conditions in cardiology: hypertension, coronary artery disease, congestive heart failure, angina, atrial fibrillation
 - Reviewed conventional and naturopathic approaches to treatment for the above listed conditions
- o Grand Rounds Presentation-Low Energy Neurofeedback System (LENS) (November 2010)
 - Joined a panel of other neurofeedback practitioners in discussion of LENS
 - Provided clinic cases along with treatment descriptions of LENS in relation to various neurological conditions

National College of Natural Medicine, Portland, Oregon (Fall Quarter 2008-Spring Quarter 2009)

- o Teaching Assistant for palpation classes, supervised by Dr. Kimberly Windstar-Hamlin, ND
 - Aid in student understanding of presented material

Emily Ferrell Cleveland-Job, N.D.
103 Disston Rd., Oak Ridge, Tennessee
Phone: 865-272-9237
dr.cleveland.job@gmail.com

- Guide students in identifying structures on the body
- Answer questions and demonstrate when needed
- Perform student evaluations

National College of Natural Medicine, Portland, Oregon (Fall Quarter 2006-Spring Quarter 2007)

- Prosector for Anatomy Laboratory, supervised by Dr. Jon Brons
 - Responsible for dissecting the assigned body parts for the anatomy lab sections
 - Assist prosectors to complete the assigned dissections
 - Create dissections demonstrating different views of body parts and body cavities
